Frequently asked questions

Who can apply?

The UNISONplus Dental Plan is available exclusively to all UNISON members, retirees and their families – regardless of age.

What will I be covered for?

100% of any dental bills covered by this plan up to generous annual maximums – whether you have a NHS or private dentist.

Can I go to any dentist and use this plan?

Yes – you can go to any dentist of your choice, whether NHS or private.

How do I claim?

When you arrange your dental appointment, simply call our claims line and we will send you a form for your dentist to authorise. Pay your bill, return the form with your receipt and you will be reimbursed.

I am treated by a NHS dentist.

Why do I need this plan?

NHS charges for a routine check-up resulting in a crown would be £198. A filling 6 months later would be £45.60 or a second crown would be another £198. You get £500 per year on the NHS patient plan to cover NHS costs. (NHS charges correct, April 2009).

My NHS dentist charges me privately for some treatments. Which plan should I choose, NHS or Private?

The NHS Patient plan only pays the charges for the three standard NHS bands. The Private Patient plan will pay both NHS and private charges, therefore you should choose a Private Patient plan.

I know I need some treatment now; will it be covered when I join?

No. We only cover new dental conditions that occur after joining and completion of the thirteen week qualifying period.

I have not had a full dental examination for more than a year.

Can I join the plan?

Yes – however, you will need to see a dentist and have a full examination and any recommended treatments completed at your own expense initially. Claims for future visits and treatments can then be covered by your plan.

If I need a filling (or crown) I'd like white, not metallic or amalgam, will it be covered?

Yes, the Private Patient plan covers white fillings and crowns.

When can I start using this plan?

There is a qualifying period of thirteen weeks from your first payment before you can claim (twelve months for dentures and denture repairs). After that you can claim as often as you need to, up to your annual maximum.

Claiming is easy:

1

Pay
your dental bill and get your claim form completed

2

Return
your claim form with a valid receipt.

3

Receive
your money back.
